

Steeres in Kenya

Developing child health, infrastructure, leadership and the church

## Will you partner with us to bring compassionate medical care and sustainable change to the poor and vulnerable in East Africa?

Kijabe Hospital is highly regarded in East Africa and worldwide for its mission to treat any patient, regardless of social status or ability to pay. Mardi will be the volunteer Medical Director starting in 2013, with oversight of all medical programs. We need partners willing to commit ongoing monthly support of \$50, \$100, \$200, or \$400+ per month. Join us at [www.steeres.com](http://www.steeres.com), and click on "partner".

### 2013-2017 Ministry Targets

1. Provide effective servant leadership to over 100 medical staff
2. Improve the long-term sustainability and impact of the Hospital
3. Broaden training opportunities for East African doctors
4. Develop meaningful partnerships between the Hospital and other organizations with a complementary mission

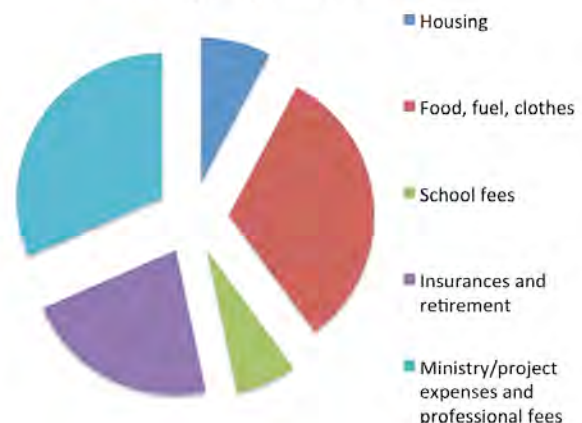

The impact of your partnership will be:

1. Allowing us to volunteer at a resource-poor Hospital
2. Your personal ministry to the poor and vulnerable with us, sharing in our successes and failures, joys and sorrows.
3. "Whatever you have done for the least of these, you have done for me". (Matt 25:31-46)

### Remaining Operating and Project Costs Requiring Funding

- **\$3,620** per month ongoing
- **\$42,598** to purchase a 4WD vehicle, plane tickets, and up-front expenses

Monthly Budget Breakdown

*"I cannot appreciate enough how committed Mardi has been to save the lives of children through effective management. She has gone the extra mile to teach all the nurses and there has been a confidence instilled in especially the newly qualified nurses. She gave her all, ensuring that none went home untreated because of lack of funds. The Lord truly brought her for such a time as this ..."*  
**-Anne Mulwa, head of Pediatric Nursing, Kijabe Hospital**
